THIS IS A NEW CONTRACT.

This contract covers only those items listed in the price schedule. It is the responsibility of the agency to ensure that other items purchased are invoiced separately. State agencies will place orders directly with the vendor (creating a PG in Finet) and make payments for the same on a PV referencing the original PG. Agencies will return to the vendor any invoice which reflects incorrect pricing.

When installed according to Manufacturers specifications, the traffic paint is required to have a minimum service life of 12 months for average daily traffic of less than 15,000. The installed material must exhibit a "no track time" of not more than 5 minutes when tested according to ASTM D-711. VOC content shall be less than 150 mg/l.

Paint to be shipped in 250 gallon reusable containers with forklift skids and includes two way lifting lugs and 2" ball valves fitted with 2" male quick connects at top and bottom of container.

These reusable, intermediate bulk paint containers remain the property of Morton Traffic Markings. Contact owner who will arrange pick up of empty containers and pay return freight from users location back to owners destination.
